NOTE: THIS EXHIBIT SHOULD NOT INCLUDE MEMBERS OR SUBSCRIBERS THAT ARE CURRENTLY ENROLLED IN PLANS THAT WILL NOT BE AVAILABLE IN 2024

1. Use the Exhibit for Individual and Small Group Market Plans. A separate Exhibit should be provided for Individual and Small Group Groups.
2. Relevant rates to include in this exhibit include Catastrophic or Small Group.
3. The required percentage rate change reflects the expected change in premium rates that would apply to the contract holder (or member for Small Group business) at the contract holder's next rate change date for each contract holder after the indicated completion of rate level review, rate change, and product review.
4. For the Small Group market, the required percentage rate change should be based on the Small Group market's rate change date, not the individual's rate change date, and product review.
5. The effective date is the earliest date that the proposed new rate would become effective if approved. The Effective Date for 11/2024 is 1/1/2024. Effective Dates for 11/2024 are 11/2024, 7/1/2024 and 10/1/2024.
6. If the percentage changes (from the proposed new rates) are identical for all the rating regions, then rate changes by rating region need not be used, and "All Regions" can be shown in the Rating Region column. If the rate change range information differs by rating region, then separate rows need to be used for each rating region that has a rate change.
7. For the Small Group market, the required percentage rate change should be based on the Small Group market's rate change date, not the individual's rate change date, and product review.
8. "Lowest" should be the smallest percentage change that could affect any contract holder due to the submitted rate filing with that metal level and rating region, including any applicable riders.
9. "Highest" should be the largest percentage change that could affect any contract holder due to the submitted rate filing with that metal level and rating region, including any applicable riders.
10. The weighted average percentage should be determined based on member level and rating region, including any applicable riders.
11. Percentage Rate Changes should be calculated using membership as of 3/31/2023.
